Part A: State Information

Data from the single year United States Census Bureau American Community Surveys as well as the estimates for the five year surveys are shown on the next pages. Florida and United States estimates from the American Community Survey from 2016, 2017 and 2018 are shown as well as estimates from the American Community Survey 5-year (2014-2018). Data is shown for the six FDDC regions in Florida as well as Florida and the United States when available. Some data from the 2013-2017 5-year surveys are shown when it was not available for the newer years.

DATA FOR THE SIX FDDC REGIONS, RURAL AND URBAN COUNTIES, FLORIDA AND THE UNITED STATES

When reporting available data by FDDC regions, Rural Counties and Urban County groupings are also shown. The counties included in each region or county grouping is below.

Northwest Region (16 Counties): Bay, Calhoun, Escambia, Franklin, Gadsden, Gulf, Holmes, Jackson, Jefferson, Leon, Liberty, Okaloosa, Santa Rosa, Wakulla, Walton, and Washington.

Northeast Region (20 counties): Alachua, Baker, Bradford, Clay, Columbia, Dixie, Duval, Flagler, Gilchrist, Hamilton, Lafayette, Levy, Madison, Nassau, Putnam, St. Johns, Suwannee, Taylor, Union, and Volusia.

Central Region (12 Counties): Brevard, Citrus, Hardee, Hernando, Highlands, Lake, Marion, Orange, Osceola, Polk, Seminole and Sumter.

Suncoast Region (11 Counties): Charlotte, Collier, DeSoto, Glades, Hendry, Hillsborough, Lee, Manatee, Pasco, Pinellas and Sarasota.

Southeast Region (6 Counties): Broward, Indian River, Martin, Okeechobee, Palm Beach and St. Lucie.

Southern Region (2 Counties): Miami-Dade and Monroe.

Rural Counties (32 Counties): Baker, Bradford, Calhoun, Columbia, DeSoto, Dixie, Flagler, Franklin, Gadsden, Gilchrist, Glades, Gulf, Hamilton, Hardee, Hendry, Highlands, Holmes, Jackson, Jefferson, Lafayette, Levy, Liberty, Madison, Nassau, Okeechobee, Putnam, Suwannee, Taylor, Union, Wakulla, Walton and Washington.

Urban Counties (35 Counties): Alachua, Bay, Brevard, Broward, Charlotte, Citrus, Clay, Collier, Duval, Escambia, Hernando, Hillsborough, Indian River, Lake, Lee, Leon, Manatee, Marion, Martin, Miami-Dade, Monroe, Okaloosa, Orange, Osceola, Palm Beach, Pasco, Pinellas, Polk, St. Johns, St. Lucie, Santa Rosa, Sarasota, Seminole, Sumter and Volusia.

STATE DISABILITY CHARACTERISTICS

PREVALENCE ESTIMATES

DEMOGRAPHICS 10. TOTAL POPULATION AND ESTIMATED IDD PREVALENCE BY YEAR, FLORIDA AND UNITED STATES, 2016-2018.

Area	2016		2017		2018	
	Number	Estimated IDD Prevalence	Number	Estimated IDD Prevalence	Number	Estimated IDD Prevalence
Florida Total Population	20,612,439	325,677	20,984,400	331,554	21,299,325	336,529
United States Total Population	323,127,515	5,105,415	325,719,178	5,146,363	327,167,439	5,169,246

IDD Prevalence is calculated by multiplying 1.58 percent to the total population to get the IDD Prevalence.

Source: ITACC; United States Census Bureau. *American Community Survey 1-Year Survey*, Table DP05, 2016-2018.

DEMOGRAPHICS 11. TOTAL POPULATION AND ESTIMATED IDD PREVALENCE BY AGE GROUP AND YEAR, FLORIDA AND UNITED STATES, 2016-2018.

Age Groups	Florida					
	2016		2017		2018	
	Number	Estimated IDD Prevalence	Number	Estimated IDD Prevalence	Number	Estimated IDD Prevalence
Children (0-17)	4,143,100	289,603	4,200,780	293,635	4,227,875	295,528
Adults 18+	16,469,339	130,108	16,783,620	132,591	17,071,450	134,864
Total	20,612,439	419,710	20,984,400	426,225	21,299,325	430,393
Age Groups	United States					
	2016		2017		2018	
	Number	Estimated IDD Prevalence	Number	Estimated IDD Prevalence	Number	Estimated IDD Prevalence
Children (0-17)	73,349,946	5,127,161	73,648,683	5,148,043	73,352,242	5,127,322
Adults 18+	249,777,569	1,973,243	252,070,495	1,991,357	253,815,197	2,005,140
Total	323,127,515	7,100,404	325,719,178	7,139,400	327,167,439	7,132,462

IDD Prevalence is calculated by multiplying 6.99 percent of the noninstitutionalized population to the birth to 17 years of age and multiplying the 0.79 % to the 18+ noninstitutionalized population to get the total IDD Prevalence.

Source: 2016 NHIS (Zablotsky, et. al., 2017 and 1994/1995 NHIS-D (Larson, et al, 2001); United States Census Bureau. *American Community Survey 1-Year Survey*, Table DP05, 2016-2018.

DEMOGRAPHICS 12. TOTAL POPULATION AND ESTIMATED IDD PREVALENCE BY FDDC REGION, RURAL AND URBAN COUNTIES AND FLORIDA, 2014-2018.

Area	Total Population	Estimated IDD Prevalence
Northwest Region (16 Counties)	1,454,210	22,977
Northeast Region (20 Counties)	2,738,918	43,275
Central Region (12 Counties)	4,620,222	73,000
Suncoast Region (11 Counties)	4,982,792	78,728
Southeast Region (6 Counties)	4,010,156	63,360
Southern Region (2 Counties)	2,791,841	44,111
Rural Counties (32 Counties)	1,141,828	18,041
Urban Counties (35 Counties)	19,456,311	307,410
Florida	20,598,139	325,451

IDD Prevalence is calculated by multiplying 1.58 percent to the total population to get the IDD Prevalence.

Source: ITACC; United States Census Bureau. *American Community Survey 5-Year Survey*, Table B01001, 2014-2018.

DEMOGRAPHICS 13. TOTAL POPULATION AND ESTIMATED IDD PREVALENCE BY AGE GROUP, BY FDDC REGION, RURAL AND URBAN COUNTIES AND FLORIDA, 2014-2018.

Area	Children (0-17)		Adults (18+)		Total Estimated IDD Number
	Number	Estimated IDD Prevalence (6.99 Percent)	Number	Estimated IDD Prevalence (0.79 Percent)	
Northwest Region (16 Counties)	300,517	21,006	1,153,693	9,114	30,120
Northeast Region (20 Counties)	569,833	39,831	2,169,085	17,136	56,967
Central Region (12 Counties)	954,508	66,720	3,665,714	28,959	95,679
Suncoast Region (11 Counties)	946,299	66,146	4,036,493	31,888	98,035
Southeast Region (6 Counties)	811,350	56,713	3,198,806	25,271	81,984
Southern Region (2 Counties)	566,045	39,567	2,225,796	17,584	57,150
Rural Counties (32 Counties)	230,482	16,111	911,346	7,200	23,310
Urban Counties (35 Counties)	3,918,070	273,873	15,538,241	122,752	396,625
Florida	4,148,552	289,984	16,449,587	129,952	419,936

IDD Prevalence is calculated by multiplying 6.99 percent of the noninstitutionalized population to the birth to 17 years of age and multiplying the 0.79 % to the 18+ noninstitutionalized population to get the total IDD Prevalence.

Source: 2016 NHIS (Zablotsky, et. al., 2017 and 1994/1995 NHIS-D (Larson, et al, 2001); United States Census Bureau. *American Community Survey 5-Year Survey*, Table B01001, 2014-2018.

DEMOGRAPHICS 14. INCREASE IN DEVELOPMENTAL DISABILITIES AMONG CHILDREN IN THE UNITED STATES, 2009-2017.

	2009-2011	2015-2017
	Percents	
Children Aged 3-17 Years Diagnosed with DD	16.2	17.8
By Specific Diagnoses		
Attention-deficit/ hyperactivity disorder (ADHD)	8.5	9.5
Autism spectrum disorder (ASD)	1.1	2.5
Intellectual Disabilities	0.9	1.2

* The reasons for these increases were not examined in the current study, but previous research has found improved awareness, screening, diagnosis, and service accessibility may contribute to the increases seen.

FDDC TECHNICAL APPENDIX

MEDICAID

The state of Florida operates and provides health insurance coverage to Floridians mainly through its Statewide Medicaid Managed Care (SMMC) program. Aside from the SMMC program, there is also the Program for All Inclusive Care for Elderly (PACE) and fee for service (FFS). The SMMC program is comprised of three separate entities: Managed Medical Assistance (MMA), Long-Term Care (LTC), and Dental.

There are four different types of MMA plans: MMAC (Capitated), MMACC (Child Welfare Capitated), MMASC (Specialty Capitated), CMSMA (Children's Medical Services Network). MMAC provides coverage for recipients of TANF, SSI Medicaid Only, SSI Duals, and LTC. MMACC provides coverage specifically for children in the care of DCF. MMASC is used to provide managed care for disease management, which is broken down by distinct diagnosis or chronic condition. These diseases and chronic conditions include HIV/ AIDS, Serious Mental Illness, CVD, COPD, CHF, Diabetes. CMSMA provides care for children with "special healthcare needs."

When addressing LTC, it is important to note that the numbers given for LTC are already included in the total Medicaid count. LTC is comprised of LTC MMA, which includes LTC MMAC and MMASC; LTC fee for service (FFS). Total LTC is broken out as HCBS Waiver and non-HCBS Waiver, to show the breakdown between the two, within total LTC.

HEALTH 7. STATE OF FLORIDA MEDICAID ENROLLMENT AS OF DECEMBER 2019.

Type of Enrollment	Number	Percent of Total Medicaid Enrollment
Total MMAC Enrollment	2,722,610	72.0
Total MMASC Enrollment	115,005	3.0
Total MMACC Enrollment	36,240	1.0
Total CMSMA Enrollment	59,874	1.6
Total SMMC Enrollment	2,993,729	79.2
Total PACE	2,253	0.1
Total FFS	843,673	22.3
Total Medicaid Enrollment	3,779,655	
LTC Sub Category	Number	Percent of Total LTC Enrollment
Total LTC MMAC Enrollment	91,744	78.7
Total LTC MMASC Enrollment	3	0.0
Total LTC FFS Enrollment	24,760	21.3
Total LTC Enrollment*	116,507	
Total LTCC HCBS Waiver Enrollment	65,822	56.5
Total LTCC Non- HCBS Waiver Enrollment	50,685	43.5
Total LTC Enrollment*	116,507	

* LTC is included in Total Medicaid Enrollment

HEALTH 8. MEDICAID EXPENDITURES FOR LONG-TERM SERVICES AND SUPPORTS, FLORIDA, FISCAL YEAR 2013-2016. *

Type of Service	FY 2013 Expenditures	FY 2014 Expenditures	FY 2015 Expenditures	FY 2016 Expenditures
Total Institutional LTSS	\$71,184,438	\$71,549,181	\$73,641,155	\$72,272,684
Total HCBS	\$74,870,077	\$80,710,719	\$85,799,116	\$94,407,727
Total LTSS	\$146,054,516	\$152,259,900	\$159,440,271	\$166,680,410
Total Medicaid	\$437,670,823	\$480,037,852	\$527,079,550	\$549,308,238
Balancing Incentive Program	\$434,783	\$748,419	\$946,633	\$10,953

* (In Thousands of Dollars)

Notes: Balancing Incentive Program expenditures include only enhanced federal payments to states for HCBS. These enhanced federal payments are in addition to the federal share of expenditures for these services. Balancing Incentive Program expenditures are not included in the calculation of total LTSS because the program did not increase total expenditures - it increased the federal share of spending. Payments in this table are based on the year federal enhanced payments were made, which can differ from the year the state incurred HCBS expenditures if the state submits prior period adjustments. The Balancing Incentive Program ended in FY 2015. Expenditures reported for FY 2016 are likely prior period adjustments for FY 2015 or earlier years.

Southeast Region					
Broward	8.6	3.5	9.6	21.4	16.9
Indian River	8.7	3.9	14.2	16.9	10.2
Martin	4.7	2.3	17.1	40.3	12.4
Okeechobee	5.6	0	6.8	7.9	2.3
Palm Beach	8.4	5.1	10.1	32.9	15.8
Saint Lucie	5	3	7.4	29.3	4.3
Southern Region					
Miami-Dade	11.4	5.3	10	24.9	14.4
Monroe	4.2	3.4	17.8	27.2	11.9

In counties with fewer than 10,000 children, the numbers may be overestimated.

Data for pediatricians, family medicine physicians, and psychiatrists were retrieved from the American Medical Association Masterfile.

Data for psychologists and licensed social workers were retrieved from Hugo Dunhill

INTELLECTUAL DISABILITIES (IDD) AND DEVELOPMENTAL DISORDERS (DD) INPATIENT HOSPITALIZATIONS

HEALTH 18. ICD 10 CODES USED IN IDENTIFYING INPATIENT (DISCHARGES) FOR IDD AND DD.

Pervasive and Specific Developmental Disorders (DD) (F80-F89)
F80: Specific Developmental Disorders of Speech and Language
F81: Specific Developmental Disorders of Scholastic Skills
F82: Specific Developmental Disorder of Motor Functions
F84: Pervasive Developmental Disorders
F88: Other Disorders of Psychological Development
F89: Unspecified Disorder of Psychological Development
Intellectual Disabilities (IDD) (F70-F79)
F70: Mild Intellectual Disabilities
F71: Moderate Intellectual Disabilities
F72: Severe Intellectual Disabilities
F73 Profound Intellectual Disabilities
F78: Other Intellectual Disabilities
F79: Unspecified Intellectual Disabilities

* There are 32 possible codes for each discharge. The admitting diagnosis code, the principal diagnosis code and 30 other diagnosis codes. If one of the above codes were in any of these 32 possible codes they were pulled and grouped into one of three categories; IDD Only, DD Only and Both IDD and DD. Source: Agency for Health Care Administration. (2019). *Detailed Discharge Data: October 2017-September 2018* [Data set].

The next set of tables are shown by three categories. Only IDD, only DD and both IDD and DD. If a discharge had one of the ICD 10 codes for IDD (F70-F79) they were shown in the only IDD category. If a discharge had one of the ICD 10 codes for DD (F80-F89) then they were shown in the only DD category. If a discharge had one of the ICD 10 codes for IDD and one of the DD Codes in any of the 32 fields they were shown in the category for both IDD and DD. Therefore the both IDD and DD category will not be duplicated in the other two categories.

Medicare Managed Care are patients covered by Medicare Advantage plans, Medicare HMO, Medicare PPO, Medicare Private Fee for Service or any other type of Medicare plan where CMS is not the direct payor. Medicaid Managed Care are patients covered by Medicaid funded capitated plans, this would include any program where the patient is enrolled in the Medicaid program, but the payment is not directly from the state of Florida Medicaid program. Commercial Health Insurance are patients covered by any type of private coverage, including HMO, PPO or self-insured plans. Self Pay are patients with no insurance coverage. Non-Payment includes charity, professional courtesy, no charge, research/clinical trial, refusal to pay/bad debt, Hill Burton free care, research/donor that is known at the time of reporting. Kidcare includes Healthy Kids, Medikids, and Children's Medical Services. Commercial Liability Coverage are patients whose health care is covered under a liability policy, such as automobile, homeowners or general business.

Medicare Managed Care are patients covered by Medicare Advantage plans, Medicare HMO, Medicare PPO, Medicare Private Fee for Service or any other type of Medicare plan where CMS is not the direct payor. Medicaid Managed Care are patients covered by Medicaid funded capitated plans, this would include any program where the patient is enrolled in the Medicaid program, but the payment is not directly from the state of Florida Medicaid program. Commercial Health Insurance are patients covered by any type of private coverage, including HMO, PPO or self-insured plans. Self Pay are patients with no insurance coverage. Non-Payment includes charity, professional courtesy, no charge, research/clinical trial, refusal to pay/bad debt, Hill Burton free care, research/donor that is known at the time of reporting. Kidcare includes Healthy Kids, Medikids, and Children's Medical Services. Commercial Liability Coverage are patients whose health care is covered under a liability policy, such as automobile, homeowners or general business.

Medicare Managed Care are patients covered by Medicare Advantage plans, Medicare HMO, Medicare PPO, Medicare Private Fee for Service or any other type of Medicare plan where CMS is not the direct payor. Medicaid Managed Care are patients covered by Medicaid funded capitated plans, this would include any program where the patient is enrolled in the Medicaid program, but the payment is not directly from the state of Florida Medicaid program. Commercial Health Insurance are patients covered by any type of private coverage, including HMO, PPO or self-insured plans. Self Pay are patients with no insurance coverage. Non-Payment includes charity, professional courtesy, no charge, research/clinical trial, refusal to pay/bad debt, Hill Burton free care, research/donor that is known at the time of reporting. Kidcare includes Healthy Kids, Medikids, and Children's Medical Services. Commercial Liability Coverage are patients whose health care is covered under a liability policy, such as automobile, homeowners or general business.

Medicare Managed Care are patients covered by Medicare Advantage plans, Medicare HMO, Medicare PPO, Medicare Private Fee for Service or any other type of Medicare plan where CMS is not the direct payor. Medicaid Managed Care are patients covered by Medicaid funded capitated plans, this would include any program where the patient is enrolled in the Medicaid program, but the payment is not directly from the state of Florida Medicaid program. Commercial Health Insurance are patients covered by any type of private coverage, including HMO, PPO or self-insured plans. Self Pay are patients with no insurance coverage. Non-Payment includes charity, professional courtesy, no charge, research/clinical trial, refusal to pay/bad debt, Hill Burton free care, research/donor that is known at the time of reporting. Kidcare includes Healthy Kids, Medikids, and Children's Medical Services. Commercial Liability Coverage are patients whose health care is covered under a liability policy, such as automobile, homeowners or general business.

Medicare Managed Care are patients covered by Medicare Advantage plans, Medicare HMO, Medicare PPO, Medicare Private Fee for Service or any other type of Medicare plan where CMS is not the direct payor. Medicaid Managed Care are patients covered by Medicaid funded capitated plans, this would include any program where the patient is enrolled in the Medicaid program, but the payment is not directly from the state of Florida Medicaid program. Commercial Health Insurance are patients covered by any type of private coverage, including HMO, PPO or self-insured plans. Self Pay are patients with no insurance coverage. Non-Payment includes charity, professional courtesy, no charge, research/clinical trial, refusal to pay/bad debt, Hill Burton free care, research/donor that is known at the time of reporting. Kidcare includes Healthy Kids, Medikids, and Children's Medical Services. Commercial Liability Coverage are patients whose health care is covered under a liability policy, such as automobile, homeowners or general business.

Medicare Managed Care are patients covered by Medicare Advantage plans, Medicare HMO, Medicare PPO, Medicare Private Fee for Service or any other type of Medicare plan where CMS is not the direct payor. Medicaid Managed Care are patients covered by Medicaid funded capitated plans, this would include any program where the patient is enrolled in the Medicaid program, but the payment is not directly from the state of Florida Medicaid program. Commercial Health Insurance are patients covered by any type of private coverage, including HMO, PPO or self-insured plans. Self Pay are patients with no insurance coverage. Non-Payment includes charity, professional courtesy, no charge, research/clinical trial, refusal to pay/bad debt, Hill Burton free care, research/donor that is known at the time of reporting. Kidcare includes Healthy Kids, Medikids, and Children's Medical Services. Commercial Liability Coverage are patients whose health care is covered under a liability policy, such as automobile, homeowners or general business.

Medicare Managed Care are patients covered by Medicare Advantage plans, Medicare HMO, Medicare PPO, Medicare Private Fee for Service or any other type of Medicare plan where CMS is not the direct payor. Medicaid Managed Care are patients covered by Medicaid funded capitated plans, this would include any program where the patient is enrolled in the Medicaid program, but the payment is not directly from the state of Florida Medicaid program. Commercial Health Insurance are patients covered by any type of private coverage, including HMO, PPO or self-insured plans. Self Pay are patients with no insurance coverage. Non-Payment includes charity, professional courtesy, no charge, research /clinical trial, refusal to pay/bad debt, Hill Burton free care, research/donor that is known at the time of reporting. Kidcare includes Healthy Kids, Medikids, and Children's Medical Services. Commercial Liability Coverage are patients whose health care is covered under a liability policy, such as automobile, homeowners or general business.

Medicare Managed Care are patients covered by Medicare Advantage plans, Medicare HMO, Medicare PPO, Medicare Private Fee for Service or any other type of Medicare plan where CMS is not the direct payor. Medicaid Managed Care are patients covered by Medicaid funded capitated plans, this would include any program where the patient is enrolled in the Medicaid program, but the payment is not directly from the state of Florida Medicaid program. Commercial Health Insurance are patients covered by any type of private coverage, including HMO, PPO or self-insured plans. Self Pay are patients with no insurance coverage. Non-Payment includes charity, professional courtesy, no charge, research /clinical trial, refusal to pay/bad debt, Hill Burton free care, research/donor that is known at the time of reporting. Kidcare includes Healthy Kids, Medikids, and Children's Medical Services. Commercial Liability Coverage are patients whose health care is covered under a liability policy, such as automobile, homeowners or general business.

Medicare Managed Care are patients covered by Medicare Advantage plans, Medicare HMO, Medicare PPO, Medicare Private Fee for Service or any other type of Medicare plan where CMS is not the direct payor. Medicaid Managed Care are patients covered by Medicaid funded capitated plans, this would include any program where the patient is enrolled in the Medicaid program, but the payment is not directly from the state of Florida Medicaid program. Commercial Health Insurance are patients covered by any type of private coverage, including HMO, PPO or self-insured plans. Self Pay are patients with no insurance coverage. Non-Payment includes charity, professional courtesy, no charge, research /clinical trial, refusal to pay/bad debt, Hill Burton free care, research/donor that is known at the time of reporting. Kidcare includes Healthy Kids, Medikids, and Children's Medical Services. Commercial Liability Coverage are patients whose health care is covered under a liability policy, such as automobile, homeowners or general business.

TABLE EMPLOYMENT 10. PROFILE OF FLORIDA VOCATIONAL REHABILITATION CONSUMERS, FISCAL YEAR 2018-2019.

Characteristics	Percent
The Services I received (% Agree)	
Helped me become more financially independent	81
Helped me reach my job goal	85
Helped me become more independent, in general	84
Satisfaction with Services	
The choice of services	85
Choice of service providers	83
Information received about choices they had	85
Satisfaction With	
Involvement with their VR Experience	85
Choice of vocational goal	84
Satisfaction with Staff	
Helping them achieve their VR goals	91
Ease of contacting VR counselor	83
Timeliness of counselor to answer questions or concerns	78
Treating client with dignity and respect	96
Problems Experienced	
Consumers did not receive services that they expected	21
Consumers said that personal barriers and coping with their disability was the greatest challenge they faced	6
Experienced problems with VR or with the services they provided	20
Not receiving employment	14
Staff and/or counselors not helpful or supportive	16
Counselors not returning calls, emails, or following up	17
Said that VR Worked to resolve their problem	33
Overall Feedback From Consumers	
Counselor did not return calls, emails or follow up	28
Better communication needed	27
Changing counselors, switching too much, causes problems	24
Counselor was not helpful or supportive	17
Did not receive employment, VR Could not find me a job	14
Get voicemail, never answers the phone	14
Hard, somewhat difficult, complicated	14
Didn't receive job search help	14
Counselor would not listen, dismissed concerns	12

FOSTER CARE

Estimated Number in Florida

INFORMAL AND FORMAL SERVICES 11. FLORIDA CHILDREN IN FOSTER CARE AND ESTIMATED NUMBER THAT HAVE INTELLECTUAL DISABILITIES, AS OF JANUARY 10, 2019.

Number of *	Count as of 1/10/2019	Estimated Number with Intellectual Disabilities **
Children who are receiving in-home services	11,147	780
Children who are in kinship foster care placements	13,449	941
Children who are in licensed foster care placements	10,277	719

* This is an unduplicated count of children who meet the criteria during the report period and is of the point in time count of 1/10/2019. The definition for foster care includes all children who have been removed from their homes due to abuse, neglect or abandonment. Kinship foster care is a subset that includes children are placed with relatives or other person(s) deemed to be a significant person in the child's life. Licensed foster care is a subset that includes traditional family foster homes, therapeutic foster homes, group homes, residential placements and other settings requiring a license.

** According to Alternative Family Services, approximately 7 percent of the children in foster care have an intellectual disability. Therefore this estimate is calculated as the count (in previous column) multiplied by 7 percent.

FDDC TECHNICAL APPENDIX

Dispute Resolution Procedures

EDUCATION 11. NUMBER OF CHILDREN AND STUDENTS AGES 3-21 WITH DISABILITIES SERVED UNDER IDEA, PART B WITH SELECTED INDICATORS INITIATED THROUGH DISPUTE RESOLUTION PROCEDURES BY CASE STATUS, FLORIDA AND UNITED STATES, SCHOOL YEAR 2016-2017.

Case Status	Florida	US and Outlying Areas
Written Signed Complaints Initiated		
Number of Complaints With Reports Issued	112	3,504
Number of Reports Within Timeline	104	3,293
Number of Reports Within Extended Timeline	8	132
Percent of Reports Within Timeline	100.00	97.75
Number of Complaints Pending	3	116
Number of Complaints Withdrawn or Dismissed	41	1,619
Mediations		
Number of Mediations Held Related to Due Process	5	4,012
Number of Mediations Held Not Related to Due Process	37	2,798
Percent of Mediations Held Related to Due Process *	11.90	58.91
Number of Mediation Agreements Reached Related to Due Process **	1	2,412
Number of Mediation Agreements Reached Not Related to Due Process	27	2,106
Percent of Mediation Agreements Reached Related to Due Process ***	3.57	53.39

PLEASE SEE NOTES FROM TABLE EDUCATION 1

* Percent = Number of mediations held related to due process divided by the sum of the number of mediations held not related to due process and number of mediations held related to due process, multiplied by 100.

** The numbers of agreements reached are a subset of the number of mediations held related and not related to due process.

*** Percent = Number of agreements reached related to due process divided by the sum of the number of mediation agreements reached related to due process and number of mediation agreements reached not related to due process, multiplied by 100.

(1) The counts reported under "Number of decisions within timeline" represent the number of written decisions from a fully adjudicated hearing that were provided to the parties in the due process hearing no later than 45 calendar days after the expiration of the 30-day or adjusted resolution period or in the case of an expedited due process hearing, provided no later than 10 school days after the due process hearing, which must occur within 20 school days of the date the expedited due process complaint is filed.

(2) The counts reported under "Number of decisions within extended timeline" represent the number of written decisions from a fully adjudicated hearing that were provided to the parties in the due process hearing more than 45 days after the expiration of the 30-day or adjusted resolution period, but within a specific time extension granted by the hearing officer at the request of either party. No data is collected on the length of these time extensions.

(3) Percent = the number of decisions within timeline divided by number of due process complaints resulting in hearings (fully adjudicated), multiplied by 100.

(4) Percent = the number of decisions within extended timeline divided by number of due process complaints resulting in hearings (fully adjudicated), multiplied by 100.

(5) The counts reflected in this do not include expedited hearing requests that were pending at the end of the reporting period, not those that were withdrawn or dismissed.

(6) The number of change of placements ordered is a subset of the number of fully adjudicated expedited hearings held.

FDDC TECHNICAL APPENDIX

EDUCATION 11 CONT. NUMBER OF CHILDREN AND STUDENTS AGES 3 - 21 WITH DISABILITIES SERVED UNDER IDEA, PART B WITH SELECTED INDICATORS INITIATED THROUGH DISPUTE RESOLUTION PROCEDURES BY CASE STATUS, FLORIDA AND UNITED STATES, SCHOOL YEAR 2016-2017.

Case Status	Florida	US and Outlying Areas
Hearings		
Number of Due Process Complaints Resulting in Hearings (Fully Adjudicated)	9	2,119
Number of Decisions Within Timeline (1)	3	869
Number of Decisions Within Extended Timeline (2)	6	1,047
Percent of Hearing Decisions Within Timeline (3)	33.33	41.01
Percent of Hearing Decisions Within Extended Timeline (4)	66.67	49.41
Number of Due Process Complaints Pending	25	4,517
Number of Due Process Complaints Withdrawn or Dismissed	154	11,854
Expedited Hearing Requests		
Total Number of Expedited Due Process Complaints (5)	9	395
Number of Expedited Hearings (Fully Adjudicated)	2	48
Number of Change of Placements Ordered (6)	0	11

PLEASE SEE NOTES FROM TABLE EDUCATION 1

* Percent = Number of mediations held related to due process divided by the sum of the number of mediations held not related to due process and number of mediations held related to due process, multiplied by 100.

** The numbers of agreements reached are a subset of the number of mediations held related and not related to due process.

*** Percent = Number of agreements reached related to due process divided by the sum of the number of mediation agreements reached related to due process and number of mediation agreements reached not related to due process, multiplied by 100.

(1) The counts reported under "Number of decisions within timeline" represent the number of written decisions from a fully adjudicated hearing that were provided to the parties in the due process hearing no later than 45 calendar days after the expiration of the 30-day or adjusted resolution period or in the case of an expedited due process hearing, provided no later than 10 school days after the due process hearing, which must occur within 20 school days of the date the expedited due process complaint is filed.

(2) The counts reported under "Number of decisions within extended timeline" represent the number of written decisions from a fully adjudicated hearing that were provided to the parties in the due process hearing more than 45 days after the expiration of the 30-day or adjusted resolution period, but within a specific time extension granted by the hearing officer at the request of either party. No data is collected on the length of these time extensions.

(3) Percent = the number of decisions within timeline divided by number of due process complaints resulting in hearings (fully adjudicated), multiplied by 100.

(4) Percent = the number of decisions within extended timeline divided by number of due process complaints resulting in hearings (fully adjudicated), multiplied by 100.

(5) The counts reflected in this do not include expedited hearing requests that were pending at the end of the reporting period, not those that were withdrawn or dismissed.

(6) The number of change of placements ordered is a subset of the number of fully adjudicated expedited hearings held.

Exits

EDUCATION 12. NUMBER OF STUDENTS AGES 14-21 WITH DISABILITIES SERVED UNDER IDEA, PART B WHO EXITED SPECIAL EDUCATION BY EXIT REASON AND LIMITED ENGLISH PROFICIENCY (LEP) STUDENTS, FLORIDA AND UNITED STATES, SCHOOL YEAR 2016-2017.

Indicator	Florida		US and Outlying Areas	
	Number	Percent	Number	Percent
Total Exited	40,057		609,366	
Died	97	0.24	1,484	0.24
Dropped Out (1)	3,840	9.59	67,753	11.12
Graduated With Regular High School Diploma	16,012	39.97	278,704	45.74
Moved, Unknown to be Continuing (2)	14,171	35.38	151,589	24.88
Reached Maximum Age (3)	0	0.00	4,689	0.77
Received a Certificate	4,263	10.64	42,682	7.00
Transferred to Regular Education	1,674	4.18	62,465	10.25
Total Exited English Proficient (EP) Students	38,624		570,960	
Died	96	0.25	1,393	0.24
Dropped Out (1)	3,697	9.57	62,470	10.94
Graduated With Regular High School Diploma	15,560	40.29	263,193	46.10
Moved, Unknown to be Continuing (2)	13,474	34.89	140,787	24.66
Reached Maximum Age (3)	0	0.00	4,215	0.74
Received a Certificate	4,162	10.78	39,719	6.96
Transferred to Regular Education	1,635	4.23	59,183	10.37
Total Exited Limited English Proficiency (LEP) Students	1,433		38,406	
Died	1	0.07	91	0.24
Dropped Out (1)	143	9.98	5,283	13.76
Graduated With Regular High School Diploma	452	31.54	15,511	40.39
Moved, Unknown to be Continuing (2)	697	48.64	10,802	28.13
Reached Maximum Age (3)	0	0.00	474	1.23
Received a Certificate	101	7.05	2,963	7.71
Transferred to Regular Education	39	2.72	3,282	8.55

(1) Dropped out is defined as the total number of students who were enrolled at some point in the reporting period were not enrolled at the end of the reporting period and did not exit through any of the other reasons described. For the purpose of calculating percentage of students who exited special education by dropping out, OSEP counts students moved, not known to continue as dropouts.

(2) Moved, known to be continuing is the total number of students who moved out of the catchment area or otherwise transferred to another district and are known to be continuing in an educational program.

(3) Children may exit special education services due to maximum age depending on state law or practice or order of any court.

NATIONAL CORE INDICATORS (NCI) ADULT IN-PERSON SURVEY RESPONSES

Access

TRANSPORTATION 1. ACCESS TO TRANSPORTATION QUESTIONS FROM THE NATIONAL CORE INDICATORS (NCI) ADULT IN-PERSON SURVEY, FLORIDA COMPARED TO NCI AS A WHOLE, 2017-2018.

	Florida		NCI	
	Percent	Estimated Number	Percent	Estimated Number
Total That Completed Survey by Gender		967		25,568
Males	59	571	59	15,085
Females	41	396	41	10,483
Other	0	0	0	0
Not all answered Each Question therefore N is shown for each question.	Percent	N	Percent	N
Has a way to get places s/he needs to go	91.0	578	93.0	16,958
Able to get places when s/he wants to do something outside of home	80.0	579	84.0	16,784
Staff have right training to meet person's needs (proxy respondents who were not staff were allowed for this question)	93.0	728	89.0	16,619

RECREATION

WELLNESS, RELATIONSHIP AND COMMUNITY INCLUSION AND PARTICIPATION

RECREATION 1. VARIOUS WELLNESS, RELATIONSHIP, COMMUNITY INCLUSION AND PARTICIPATION AND LESISURE QUESTIONS FROM THE NATIONAL CORE INDICATORS (NCI) ADULT IN-PERSON SURVEY, FLORIDA COMPARED TO NCI AS A WHOLE, 2017-2018.

	Florida		NCI	
	Percent	Estimated Number	Percent	Estimated Number
Total That Completed Survey by Gender		967		25,568
Males	59	571	59	15,085
Females	41	396	41	10,483
Other	0	0	0	0
Not all answered Each Question therefore N is shown for each question.	Percent	N	Percent	N
Has friends who are not staff or family members	81.0	584	78.0	17,085
Has best friend (may be staff or family)	76.0	535	70.0	16,412
Wants more help to meet or keep in contact with friends	39.0	565	42.0	16,282
Has friends (may be staff or family) and can see them when s/he wants	79.0	511	80.0	14,704
The following question (Reasons cannot see friends if often unable to) were for only those that reported that they could not see their friends when they wanted				
Lack of transportation	47.0	108	38.0	2,838
Lack of support staff	16.0	108	15.0	2,838
Rules or restrictions about seeing friends	14.0	108	10.0	2,838
Money or cost of going out	17.0	108	10.0	2,838
Difficulty finding time	25.0	108	33.0	2,838
Other	12.0	108	18.0	2,838
Community Inclusion, Participation and Leisure				
Went out shopping at least once in the past month *	91.0	930	89.0	24,913
Went out on errands at least once in the past month *	87.0	920	86.0	24,681
Went out for entertainment at least once in the past month *	78.0	934	74.0	24,914
Went out to eat at least once in the past month *	89.0	926	86.0	24,949
Went out to a religious service or spiritual practice at least once in the past month *	46.0	911	41.0	24,712
Participated as a member in a community group *	45.0	933	32.0	24,870
Went on vacation in the past year *	43.0	923	46.0	24,856
Able to go out and do the things s/he like to do in the community	84.0	592	85.0	16,804
Able to go out and do the things s/he like to do in the community as often as s/he wants	83.0	558	79.0	15,705
Has enough things to do when at home	89.0	590	85.0	16,965

* Proxy residents were allowed for this question)

** Includes data from a state or states that had a large number of "don't knows" and missing data (at least 25%).

ADDENDUM

APD CONSUMERS

ADDENDUM 1. APD CONSUMERS - QSI AND BAKER ACT/ARREST DATA, CAENDAR YEARS 2015-2020.

Behavior Score	Baker Act or Arrested	Number of Consumers	Percent of Behavioral Score	Percent of Grand Total
Under 5	No Baker Act or Arrest	43,996	98.7	65.9
	Baker Act or Arrested	558	1.3	0.8
	Total	44,554	100.0	66.7
5 and 6	No Baker Act or Arrest	19,915	89.6	29.8
	Baker Act or Arrested	2,312	10.4	3.5
	Total	22,227	100.0	33.3
Grand Total	No Baker Act or Arrest	63,911	95.7	95.7
	Baker Act or Arrested	2,870	4.3	4.3
	Total	66,781	100.0	100.0

The above data is only APD Clients, 10.4 Percent have a higher behavior score and have been baker acted or arrested.

Source: Agency for Persons with Disabilities. (n.d.). *APD Report, 2015-2020*.

ADDENDUM 2. QSI AND BAKER ACT/ARREST DATA ESTIMATED PROJECTED IDD PREVALENCE POPULATION, 2018.

Behavior Score	Baker Act or Arrested	# of Estimated IDD Population	Percent of Behavior Score	Percent of Grand Total
Under 5	No Baker Act or Arrest	221,709	98.7	65.9
	Baker Act or Arrested	2,812	1.3	0.8
	Total	224,521	100.0	66.7
5 and 6	No Baker Act or Arrest	100,358	89.6	29.8
	Baker Act or Arrested	11,651	10.4	3.5
	Total	112,008	100.0	33.3
Grand Total	No Baker Act or Arrest	322,066	95.7	95.7
	Baker Act or Arrested	14,463	4.3	4.3
	Total	336,529	100.0	100.0

This population was calculated by multiplying 1.58 percent to the total population to get the IDD Prevalence for Florida.

Based on the estimated IDD Prevalence population for 2018 for Florida from Technical Appendix (Table Demographics 10).

Based on the APD client data from calendar years 2015-2020, the percentages were calculated based on the total number of consumers with behavior scores of "Under 5" and "5 and 6" and whether or not they had been baker acted or arrested. These percentages were then used to get estimated IDD population, which was based on the 2018 estimated IDD prevalence population from the Technical Appendix (Tables Demographics 10 and 11).

Various projected IDD Population were shown based on the way the IDD projections had been calculated in the Technical Appendix.

Source: Agency for Persons with Disabilities. (n.d.). *APD Report, 2015-2020*.

ADDENDUM 3. QSI AND BAKER ACT/ARREST DATA ESTIMATED PROJECTED IDD PREVALENCE POPULATION BY AGE GROUP, 2018.

Behavior Score	Baker Act or Arrested	# of Estimated IDD Population	Percent of Behavior Score	Percent of Grand Total
Children (0-17)				
Under 5	No Baker Act or Arrest	194,697	98.7	65.9
	Baker Act or Arrested	2,469	1.3	0.8
	Total	197,166	100.0	66.7
5 and 6	No Baker Act or Arrest	88,130	89.6	29.8
	Baker Act or Arrested	10,231	10.4	3.5
	Total	98,362	100.0	33.3
Grand Total	No Baker Act or Arrest	282,827	95.7	95.7
	Baker Act or Arrested	12,701	4.3	4.3
	Total	295,528	100.0	100.0
Adults (18+)				
Under 5	No Baker Act or Arrest	88,850	98.7	65.9
	Baker Act or Arrested	1,127	1.3	0.8
	Total	89,977	100.0	66.7
5 and 6	No Baker Act or Arrest	40,218	89.6	29.8
	Baker Act or Arrested	4,669	10.4	3.5
	Total	44,887	100.0	33.3
Grand Total	No Baker Act or Arrest	129,068	95.7	95.7
	Baker Act or Arrested	5,796	4.3	4.3
	Total	134,864	100.0	100.0
All Ages				
Under 5	No Baker Act or Arrest	283,547	98.7	65.9
	Baker Act or Arrested	3,596	1.3	0.8
	Total	287,143	100.0	66.7
5 and 6	No Baker Act or Arrest	128,349	89.6	29.8
	Baker Act or Arrested	14,900	10.4	3.5
	Total	143,250	100.0	33.3
Grand Total	No Baker Act or Arrest	411,896	95.7	95.7
	Baker Act or Arrested	18,497	4.3	4.3
	Total	430,393	100.0	100.0

This population was calculated by multiplying 6.99 percent of the non-institutionalized population to the birth to 17 years of age and multiplying 0.79 percent to the 18+ noninstitutionalized population to get the IDD Prevalence for Florida by age group.

Based on the estimated IDD Prevalence population for 2018 for Florida from Technical Appendix (Table Demographics 11). Based on the APD client data from calendar years 2015-2020, the percentages were calculated based on the total number of consumers with behavior scores of "Under 5" and "5 and 6" and whether or not they had been baker acted or arrested. These percentages were then used to get estimated IDD population, which was based on the 2018 estimated IDD prevalence population from the Technical Appendix (Tables Demographics 10 and 11). Various projected IDD Population were shown based on the way the IDD projections had been calculated in the Technical Appendix.
